Portfolio: https://richinatl.github.io/Portfolio-Richard-Murphy/

Personable and passionate full stack developer with a background in sales and customer service currently enrolled in a full stack certificate program from the Georgia Institute of Technology. I am honing my skills every day, constantly improving, to be an asset anywhere I go. To me, this isn't just a career, this is what I've always wanted to do, creating new ideas and solving problems

Technical Skills

HTML, CSS, JavaScript, Node.js, APIs, Git, MySql
